Rationale

ICRA has moved the issuer rating for Badangpet Municipal Corporation (BMC) to the 'Issuer Not Cooperating' category. The rating is denoted as "[ICRA]BB+ (Stable) ISSUER NOT COOPERATING".

The rating downgrade is because of lack of adequate information regarding Badangpet Municipal Corporation performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity, despite the downgrade.

As part of its process and in accordance with its rating agreement with Badangpet Municipal Corporation, ICRA has been trying to seek information from the entity so as to monitor its performance but despite repeated requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, a rating view has been taken on the entity based on the best available information.

Please refer to the following link for the previous detailed rationale that captures the Key rating drivers and their description, Liquidity position, Rating sensitivities, Key financial indicators: [Click Here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

About the company

Badangpet Municipal Corporation (BMC), an urban local body (ULB), was initially established as a Nagar Panchayat in 2013 by merging eight villages. Later, the ULB's status was upgraded to a Municipal Corporation in 2019. The ULB provides urban

infrastructure services to the city of Badangpet and is governed by the Telangana Municipalities Act 2019 (Act). The BMC covers an area of 74.56 sq. km. and serves a population of 1.67 lakh (Projected as on date). Its main functions include solid waste management and construction, repair and maintenance of roads and streetlights. The ULB is divided into 32 municipal wards and is governed by an elected body (Council) headed by a Mayor, while the Commissioner acts as the chief executive overseeing its everyday functioning.

Complexity level of the rated instrument

Instrument	Complexity Indicator
Issuer rating	NA

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments, is available on ICRA's website: www.icra.in
