*Instrument details are provided in Annexure I

Rationale

For arriving at its ratings, ICRA has considered the combined the business and financial risk profiles of Tata Capital Limited and its key subsidiary Tata Capital Housing Finance Limited (TCHFL) (together referred to as Tata Capital Limited (TCL) group), as these entities have significant operational and management linkages and operate under the common Tata Capital brand.

The ratings factor in the Group's diverse product mix, improving share of the retail loan book, strong liquidity position, diversified funding profile and financial flexibility arising from being a part of the Tata Group. ICRA also favourably notes the good asset quality indicators (consolidated gross stage 3 (GS3) and net stage 3 (NS3) of 1.5% and 0.5%, respectively, as on September 30, 2024) and the healthy provision cover (70% as on September 30, 2024). The Group's return healthy indicators with a consolidated return on adjusted¹ average managed assets (RoMA) of 2.1% for H1 FY2025 (2.1% for FY2024) provide further comfort, although the sustainability of the same would be important.

The ratings also factor in the relatively moderate, albeit improving, capitalisation profile (consolidated gearing of ~6.1 times as on September 30, 2024), aided by good internal accruals and capital support from Tata Sons Limited (TSL). ICRA believes that a prudent capitalisation level is one of the key mitigants against delinquencies and other credit risks associated with the lending business and expects support from TSL, if required, would be forthcoming considering TCL's growth plans. TCL's ability to manage recoveries or mitigate losses through security enforcement while arresting fresh slippages and keeping a check on the credit costs will have a bearing on its overall earnings profile. The ratings for the TCL Group continue to draw significant strength from its parentage, Tata Sons Limited (TSL; rated [ICRA]AAA (Stable)/[ICRA]A1+), which owned 92.8% of TCL's equity shares on September 30, 2024, and the strategic importance of the financial services business to the Tata Group.

The Stable outlook reflects ICRA's expectation that Tata Capital Group will remain strategically important to the parent entity. It also reflects ICRA's expectation that the company will continue to report good asset quality while maintaining a diverse product and funding mix and a comfortable liquidity profile.

¹ Adjusted for one-time gain Rs. 729 crore in FY2023

ICRA has reaffirmed and withdrawn the rating assigned to the Rs. 350 crore non-convertible debentures of TCHFL and Rs. 327.73 crore retail bonds programme, as these have been fully redeemed and no amount is outstanding against the same. The rating has been withdrawn in accordance with ICRA's policy on the withdrawal of credit ratings.

Key rating drivers and their description

Credit strengths

Strong parentage and strategic importance to the Group; supports financial flexibility – TCL is a majority-owned subsidiary of TSL. It enjoys strong financial and operational support from TSL, which, in the past, has included access to capital, management and systems, and supervision by a strong board. TCL also enjoys strong commitment from TSL as it (through its subsidiaries) is the primary financial services lending arm for the Tata Group. TCL group enjoys good financial flexibility, being a part of the Tata Group, with access to funds at competitive rates of interest from various sources. TCL Group's consolidated funding profile is fairly diversified with a mix of non-convertible debentures (NCDs), bank borrowings and commercial paper. ICRA expects TSL to continue providing financial support to help TCL maintain a comfortable capitalisation and liquidity profile, given its importance to the Tata Group and TSL's stated intent to keep TCL adequately capitalised on a consolidated basis.

ICRA also expects TSL to maintain significant ownership and management control in TCL. The demonstrated support to the TCL Group from TSL is also highlighted by the Rs. 2,500 crore capital infusion in FY2019, Rs. 1,000 crore in FY2020 and Rs. 594 crore in FY2023 and ~Rs. 2,000 crore in FY2024 by subscribing to the rights issue of equity of TCL. A significant dilution in TSL's stake in TCL or in the likelihood of support from TSL or a change in TSL's credit profile could warrant a rating review for TCL.

Diverse product mix; higher share of retail portfolio – The total lending book (on a combined basis for TCL+TCHFL) grew by ~34% (year-on-year) to Rs. 1,80,023 crore as on September 30, 2024 from Rs. 1,34,762 crore as on September 30, 2023 (Rs. 1,61,112 crore as on March 31, 2024), driven by growth across the retail and corporate business segments. Consequently, the share of retail loans remained stable at ~60% of the aggregate portfolio on September 30, 2024 (60% on March 31, 2024). The loan book is fairly diversified across various products within the wholesale and retail lending segments. The retail loan book constitutes home loans (19% of the total combined loan book as on September 30, 2024), personal/business loans (14%), home equity/loan against property (LAP; 14%), auto financing (6%), construction equipment financing (4%), loan against securities (2%) and microfinance and others (1%). The wholesale loan book comprises corporate loans, lease, credit substitutes, equipment finance and builder loans (23% of the total combined loan book as on September 30, 2024), cleantech finance (9%), supply chain finance/factoring (8%). ICRA also notes the relatively lower credit concentration of large exposures within the wholesale book compared to its peers. The loan book is expected to continue to grow at a robust pace and remain well diversified across products and borrower/Group-level exposures.

TCHFL's loan portfolio stood at Rs. 58,756 crore as on September 30, 2024 compared to Rs. 43,254 crore as on September 30, 2023 (Rs. Rs. 52,042 crore as on March 31, 2024). As on September 30, 2024, the book comprised housing loans (59% of total portfolio), LAP (26%) and builder loans (15%). The loan book's composition is expected to remain broadly similar in the near-to-medium term.

Good asset quality and healthy provision cover – High loan book growth and controlled slippages resulted in improvement in the asset quality indicators on a consolidated basis in FY2024 with the GS3 and the NS3 improving to 1.5% and 0.4%, respectively, as on March 31, 2024 from 1.7% and 0.4%, respectively, as on March 31, 2023 and provision cover at 74% on March 31, 2024 (77% as on March 31, 2023). Further, asset quality remained comfortable in H1 FY2025 with GS3 and NS3 of 1.5% and 0.5%, respectively, and provision cover of 70% as on September 30, 2024.

TCHFL's standalone asset quality remained comfortable with GS3 and NS3 of 0.8% and 0.4%, respectively, as on September 30, 2024 (0.9% and 0.4%, respectively, as on March 31, 2024).

ICRA expects the overall asset quality to remain comfortable and anticipates the company to maintain a healthy provision cover to protect the balance sheet against asset quality risks. Overall, TCL Group's ability to arrest fresh slippages while maintaining business volumes would have a bearing on its overall financial profile and would be a key monitorable.

Adequate earnings profile - TCL's net interest margins (NIMs) on a consolidated basis remained stable at 4.4% in FY2024 (4.5% in FY2023) due to a commensurate increase in yields compared to the increase in the cost of funds. Further, decline in credit costs (0.4% of AMA² in FY2024 from 0.5% of ATA in FY2023) due to controlled slippages and increase in non-interest income non-interest income (1.2% of AMA in FY2024 from 0.8% in FY2023), despite marginal increase in operating expenses (2.3% of AMA in FY2024 and 2.2% in FY2023) primarily on account of branch expansion during the year, resulted in adequate adjusted (adjusted for one time gain of Rs. 729 crore in FY2023) return on Managed Assets (RoMA) of 2.1% in FY2024 compared to 1.9% in FY2023.

Further, the TCL Group reported a consolidated profit after tax (PAT) of Rs. 1,893 crore in H1 FY2025 compared to a PAT of Rs. 1,539 crore in H1 FY2024, translating to a RoMA of 21%, supported by stable NIMs and operating expenses, despite some uptick in credit costs though partially offset by increase in non-interest income.

TCHFL on standalone basis reported stable earnings with a net profit of Rs. 733 crore in H1 FY2025, translating into a RoMA of 2.5% in H1 FY2025 compared to 2.4% in FY2024 (2.3% in FY2023).

Going forward, the increase in share of higher yielding retail segments could bode well for TCL Group's profitability profile. TCL Group's ability to grow the loan book while maintaining the improved profitability profile through controlled slippages and operating expenses will be a key rating monitorable.

Credit challenges

Maintaining adequate capital buffers key in view of growth plans; TSL's stated intent to keep TCL Group adequately capitalised provides comfort – Latest capital infusion by TSL worth ~Rs. 2,000 crore in FY2024 through rights issue, good internal accruals (supported by profits and changes in fair value of investment in equities carried at fair value through Other Comprehensive Income) strengthened the consolidated net worth to Rs. 26,528 crore on September 30, 2024. Consequently, despite the strong loan book growth in H1 FY2025, the gearing remained largely stable at 6.1 times on September 30, 2024 (6.0 times as on March 31, 2024). Solvency (net stage 3/net worth) remained comfortable at 3.2% as on September 30, 2024, supported by high provision cover on the stage 3 assets. Nonetheless, the Group may require external capital if the portfolio growth is higher than the internal capital generation to maintain prudent capitalisation levels. ICRA expects capital support from the parent to be forthcoming, as and when required, given TSL's stated intent to provide regular capital support to TCL for it to maintain an adequate capitalisation profile.

Liquidity position: Strong

TCL's liquidity profile is strong at the consolidated level. As on December 31, 2024, the total combined (TCL+TCHFL) debt repayments stood at Rs. 27,819 crore until April 30, 2025, of which the working capital demand loan (WCDL) of ~Rs. 2,750 crore is expected to roll over. As on December 31, 2024, the combined cash and liquid investments and unutilised bank facilities stood at ~Rs. 27,722 crore. ICRA takes comfort from the TCL Group's cash flow from its short-term assets, auguring well for its liquidity profile. The TCL Group also enjoys good financial flexibility for mobilising long-term funding on the back of its established track record and strong parentage.

Rating sensitivities

Positive factors – Not applicable

² Average managed assets

Negative factors – Pressure on the ratings could emerge because of a deterioration in TCL’s consolidated capitalisation profile on a sustained basis and/or weakening of the asset quality leading to a deterioration in solvency (NS3/Net worth >20%) on a sustained basis. A significant change in the likelihood of support from the parent or a deterioration in the parent’s credit profile could warrant a rating revision.

Analytical approach

Analytical Approach	Comments
Applicable Rating Methodologies	ICRA’s Credit Rating Methodology for Non-Banking Finance Companies Policy On Withdrawal Of Credit Rating
Parent/Group Support	Ultimate Parent/Investor: Tata Sons Limited TCL is a majority-owned subsidiary of TSL, which held 92.8% of TCL’s equity shares as on September 30, 2024. TCL enjoys strong financial and operational support from TSL, which, in the past, has included access to capital, management and systems, and supervision by a strong board. TCL also enjoys strong commitment from TSL as TCL (through its subsidiaries) is the primary financial services lending arm for the Tata Group.
Consolidation/Standalone	While arriving at the ratings, ICRA has considered the consolidated performance of TCL and its key subsidiaries given the strong operational and financial synergies between the companies. <i>Details are mentioned in Annexure II.</i>

About the company

Tata Capital Housing Finance Limited (TCHFL) is a 100% subsidiary of Tata Capital Limited (TCL) and was incorporated to provide long-term housing finance. The company’s incorporation was an integral part of TCL’s plan to augment its existing product pipeline in the retail segment. TCHFL is registered with the National Housing Bank as a housing finance company. It commenced its lending operations in July 2009 and had a total portfolio of ~Rs. 52,042 crore as on March 31, 2024. The company reported a profit after tax (PAT) of Rs. 1,148 crore on a total income of Rs. 5,189 crore in FY2024 compared to a PAT of Rs. 821 crore on a total income of Rs. 3,818 crore in FY2023. Further, the company reported a profit after tax (PAT) of Rs. 733 crore on a total income of Rs. 3,248 crore in H1 FY2025.

Tata Sons Limited

Tata Sons Limited, founded in 1917 by the Tata Group’s founder, Shri JN Tata, is the principal holding company for the Tata Group and the owner of the Tata brand and the associated trademark. Charitable trusts own most of TSL’s shareholding at 66%. While income from dividends and profit generated on the sale of investments constitute the principal revenue source for the company, it also includes royalty fees earned from Group companies for using the Tata brand. Such fees are, however, largely spent on brand promotion. TCS, one of the largest software companies in India and the highest contributor to TSL in terms of revenues and profits, was spun off into a separate entity in FY2005. Currently, TSL’s equity investments are spread across seven major industry segments and include investments in flagship concerns like TCS, Tata Steel Limited, The Tata Power Company Limited, Tata Motors Limited, Tata Chemicals Limited, Titan Company Limited and Tata Consumer Products Limited, among others.

Complexity level of the rated instrument

Instrument	Complexity Indicator
NCD programme	Very simple
Retail bonds programme	Simple
Subordinated debt programme	Simple

Commercial paper	Very simple
Long term fund based/non-fund based	Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)

About ICRA Limited

ICRA Limited was set up in 1991 by leading financial/investment institutions, commercial banks and financial services companies as an independent and professional investment Information and Credit Rating Agency.

Today, ICRA and its subsidiaries together form the ICRA Group of Companies (Group ICRA). ICRA is a Public Limited Company, with its shares listed on the Bombay Stock Exchange and the National Stock Exchange. The international Credit Rating Agency Moody's Investors Service is ICRA's largest shareholder.

ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer. ICRA however has not conducted any audit of the rated issuer or of the information provided by it. While reasonable care has been taken to ensure that the information herein is true, such information is provided 'as is' without any warranty of any kind, and ICRA in particular, makes no representation or warranty, express or implied, as to the accuracy, timeliness or completeness of any such information. Also, ICRA or any of its group companies may have provided services other than rating to the issuer rated. All information contained herein must be construed solely as statements of opinion, and ICRA shall not be liable for any losses incurred by users from any use of this publication or its contents.
