Rationale

ICRA has withdrawn the ratings assigned to the bank facilities of Bata India Limited at the request of the company and based on the No Objection Certificate/ Closure certificate received from its bankers. However, ICRA does not have information to suggest that the credit risk has changed since the time the rating was last reviewed. The Key Rating Drivers and their description, Liquidity Position, Rating Sensitivities have not been captured as the rated instruments are being withdrawn. The previous detailed rating rationale is available at the following link: [Click here](#)

Complexity level of the rated instrument

Instrument	Complexity Indicator
Non-Fund Based-Others	Very Simple
Unallocated	Not Applicable

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments, is available on ICRA's website: [Click Here](#)
