Rationale

The rating downgrade is attributable to the lack of adequate information regarding Chevrox Constructions Pvt. Ltd. performance and in turn, the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its “Policy in respect of non-cooperation by a rated entity” available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the same may not adequately reflect the credit risk profile of the entity, despite the downgrade.

As part of its process and in accordance with its rating agreement with Chevrox Constructions Pvt. Ltd., ICRA has been trying to seek information from the entity to monitor its performance. Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite repeated requests by ICRA, the entity’s management has remained non-cooperative. In the absence of the requisite information and in line with the aforesaid policy of ICRA, a rating view has been taken on the entity based on the best available information.

Please refer to the following link for the previous detailed rationale that captures the Key rating drivers and their description, Liquidity position, Rating sensitivities, Key financial indicators: [Click here](#). ICRA is unable to provide the latest information because of non-cooperation by the entity.
