Total	7.05	7.05	

*Issuer did not cooperate; based on best available information.

[^]Instrument details are provided in Annexure-1

Rationale

ICRA has kept the Long-Term and Short-Term ratings of G N Altech in the 'Issuer Not Cooperating' category. The ratings are denoted as "[ICRA]B+ (Stable)/[ICRA]A4; ISSUER NOT COOPERATING".

ICRA has been trying to seek information from the entity so as to monitor its performance. Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite repeated requests by ICRA, the entity's management has remained non-cooperative. The current rating action has been taken by ICRA basis best available/dated/ limited information on the issuers' performance. Accordingly, the lenders, investors and other market participants are advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity. The rating action has been taken in accordance with ICRA's policy in respect of non-cooperation by a rated entity available at www.icra.in.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities, Key financial indicators: [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

About the company

Established in 1994, GNA is an engineering company engaged in contract manufacturing of iron and aluminium castings. These components find applications in automobile parts, hydraulic components, gearbox and electrical parts. The promoters, Mr. Natwarlal Patel and Mr. Gaurang Patel, have experience of more than two decades in manufacturing machine components and have an established clientele across various industries. GNA took over the operations of its Group company, GPM castings Private Limited, from April 1, 2018 onwards.

Status of non-cooperation with previous CRA: NA

Complexity level of the rated instrument

Instrument	Complexity Indicator
Cash Credit	Simple
Term Loan	Simple
Unallocated	Not Applicable
Non Fund Based	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments, is available on ICRA's website: [Click Here](#)
