Rationale

On December 18, 2023, Edelweiss Financial Services Limited/Edelweiss Group informed the exchanges about an **order** passed by Securities Appellate Tribunal (SAT) involving Nuvama clearing Services Limited (Erstwhile Edelweiss Custodial Services Limited) (NCSL) in the matter of Anugrah Stock & Broking Ltd. The order dismissed NCSL's appeal against the Member and Core Settlement Guarantee Fund Committee of NSE Clearing Limited, for the transactions pertaining to CY2019-CY2020. The SAT upheld the core settlement committee's earlier order requiring reinstatement of securities worth ~Rs. 460 crore liquidated during Q4 FY2020 and Q1 FY2021. During the demerger of its wealth management business, Edelweiss Group had indemnified NCSL for the potential liabilities that may arise out of this transaction.

In addition to the above event, The Reserve Bank of India (RBI) recently issued a notification pertaining to **Investments in Alternative Investment Funds (AIFs)** by regulated entities (RE). As per the circular, if an AIF scheme, in which a RE is already an investor, makes a downstream investment in a debtor company, then the RE shall liquidate its investment in the scheme within 30 days from the date of such downstream investment by the AIF. If RE has already invested into such schemes having downstream investment in their debtor companies as on date, the 30-day period for liquidation shall be counted from date of issuance of this circular. In case REs are not able to liquidate their investments within the above-prescribed time limit, they shall make 100% provision on such investments. Further, investment by REs in the subordinated units of any AIF scheme with a 'priority distribution model' shall be subject to full deduction from the RE's capital funds.

Following the above developments, ICRA has placed the rating(s) outstanding on rating watch with negative implications. ICRA will continue to monitor the developments and take suitable rating action once more clarity emerges regarding resultant liability of the Edelweiss Group, if any, in the matter of Anugrah Stock & Broking Ltd. and the impact on the company's financial profile. ICRA is cognisant that NCSL has initiated appeal against the SAT order in the honourable Supreme Court.

In regard to the AIF investments held in REs, the Group has approached the regulator to seek clarity regarding few of its investments and applicability of notification. While the capitalisation profile of the NBFCs in the Group remains comfortably above the threshold levels (ECL Finance Limited: tier-I of 18.4%, Edelweiss Retail Finance Limited: tier 1 of 53% as of September 30, 2023), it is expected to moderate to some extent (basis initial estimates of the management, the capital may be impacted by Rs. 100-200 crore, however the impact could be higher, subject to clarifications sought from the regulator and strategic arrangements). ICRA will continue to monitor the developments in this regard.

ICRA notes the Group's publicly disclosed intent of monetisation of 10-20% stake in Edelweiss Alternative Asset Advisors Limited (EAAA) which is expected to support the Group in augmenting cushion for absorbing any impairments related to residual risks residing in the balance sheet, liquidity generation and debt reduction. Additionally, given the appreciation of the investment in Nuvama Wealth Management Limited (value worth of ~Rs. 1,750 crore as of December 25, 2023) since its listing on September 26, 2023, the fair valuation gain on the same is expected to offer some head room in absorbing losses, if required.

ICRA notes that the Group's liquidity position is currently adequate with on-balance sheet liquidity of Rs. 3,065 crore, against repayment obligations of ~Rs. 3,263 crore between October 01, 2023, to March 31, 2024. The on-balance sheet liquidity and envisaged inflows from loan book, provide headroom for absorbing incremental liquidity requirement (if any) arising on account of aforesaid developments. Further, the planned stake sale of EAAA is expected to support the liquidity position of the Group in the medium term.

Analytical approach

Analytical Approach	Comments
Applicable rating methodologies	ICRA's Credit Rating Methodology for Non-banking Finance Companies Consolidation Rating Approach
Parent/Group support	Not applicable; while arriving at the rating, ICRA has considered the consolidated financials (ex-insurance) of Edelweiss and has taken a consolidated view of the credit profiles of Edelweiss and its subsidiaries, which are engaged in retail lending and wholesale lending, and the asset management business due to the close linkages between the entities, common promoters and senior management team, shared brand name, and strong financial and operational synergies.
Consolidation/Standalone	ICRA has considered the consolidated financials (ex-insurance) of Edelweiss. Details of the subsidiaries are provided in Annexure II.

About the company

Edelweiss Financial Services Limited (Edelweiss), the holding company of the Edelweiss Group of companies, was incorporated in 1995 to offer investment banking services primarily to technology companies. At present, the Group is engaged in wholesale and retail lending, home finance, distressed assets resolution, general insurance, life insurance, alternatives and asset management.

On a standalone basis, Edelweiss posted a total income of Rs. 3,089 crore and a profit after tax (PAT) of Rs. 2,388 crore in FY2023 compared to Rs. 1,373 crore and Rs. 933 crore, respectively, in FY2022. On a consolidated basis, it posted a total income of Rs. 8,633 crore and a PAT of Rs. 344 crore in FY2023 compared to Rs. 7,305 crore and Rs. 189 crore, respectively, in FY2022. With the fair valuation of its stake in Nuvama in FY2023, the Group had a consolidated net worth of Rs. 7,846 crore as of March 31, 2023. However, following the company's allotment of its 30% stake in Nuvama to its shareholders, the consolidated net worth declined to ~Rs. 5,547 crore as of September 30, 2023.

Complexity level of the rated instrument

Instrument	Complexity Indicator
Retail non-convertible debenture programme	Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)
