Note: PP-MLD refers to the principal protected market linked debenture programme. According to the terms of the rated market linked debentures, the amount invested, i.e. the principal, is protected against erosion while the returns on the investment could vary as they are linked to movements in one or more variables such as equity indices, commodity prices, and/or foreign exchange rates. The assigned rating expresses ICRA's current opinion on the credit risk associated with the issuer concerned. The rating does not address the risks associated with the variability in returns resulting from the adverse movements in the variable(s) concerned

Rationale

On December 18, 2023, Edelweiss Financial Services Limited/Edelweiss Group informed the exchanges about an **order** passed by Securities Appellate Tribunal (SAT) involving Nuvama clearing Services Limited (Erstwhile Edelweiss Custodial Services Limited) (NCSL) in the matter of Anugrah Stock & Broking Ltd. The order dismissed NCSL's appeal against the Member and Core Settlement Guarantee Fund Committee of NSE Clearing Limited, for the transactions pertaining to CY2019-CY2020. The SAT upheld the core settlement committee's earlier order requiring reinstatement of securities worth ~Rs. 460 crore liquidated during Q4 FY2020 and Q1 FY2021. During the demerger of its wealth management business, Edelweiss Group had indemnified NCSL for the protentional liabilities that may arise out of this transaction.

In addition to the above event, The Reserve Bank of India (RBI) recently issued a notification pertaining to **Investments in Alternative Investment Funds (AIFs)** by regulated entities (RE). As per the circular, if an AIF scheme, in which a RE is already an investor, makes a downstream investment in a debtor company, then the RE shall liquidate its investment in the scheme within 30 days from the date of such downstream investment by the AIF. If RE has already invested into such schemes having downstream investment in their debtor companies as on date, the 30-day period for liquidation shall be counted from date of issuance of this circular. In case REs are not able to liquidate their investments within the above-prescribed time limit, they shall make 100% provision on such investments. Further, investment by REs in the subordinated units of any AIF scheme with a 'priority distribution model' shall be subject to full deduction from the RE's capital funds.

Following the above developments, ICRA has placed the rating(s) outstanding on rating watch with negative implications. ICRA will continue to monitor the developments and take suitable rating action once more clarity emerges regarding resultant liability of the Edelweiss Group, if any, in the matter of Anugrah Stock & Broking Ltd. and the impact on the company's financial profile. ICRA is cognisant that NCSL has initiated appeal against the SAT order in the honourable Supreme Court.

In regard to the AIF investments held in REs, the Group has approached the regulator to seek clarity regarding few of its investments and applicability of notification. While the capitalisation profile of the NBFCs in the Group remains comfortably above the threshold levels (ECL Finance Limited: tier-I of 18.4%, Edelweiss Retail Finance Limited: tier 1 of 53% as of September

30, 2023), it is expected to moderate to some extent (basis initial estimates of the management, the capital may be impacted by Rs. 100-200 crore, however the impact could be higher, subject to clarifications sought from the regulator and strategic arrangements). ICRA will continue to monitor the developments in this regard.

ICRA notes the Group's publicly disclosed intent of monetisation of 10-20% stake in Edelweiss Alternative Asset Advisors Limited (EAAA) which is expected to support the Group in augmenting cushion for absorbing any impairments related to residual risks residing in the balance sheet, liquidity generation and debt reduction. Additionally, given the appreciation of the investment in Nuvama Wealth Management Limited (value worth of ~Rs. 1,750 crore as of December 25, 2023) since its listing on September 26, 2023, the fair valuation gain on the same is expected to offer some head room in absorbing losses, if required.

ICRA notes that the Group's liquidity position is currently adequate with on-balance sheet liquidity of Rs. 3,065 crore, against repayment obligations of ~Rs. 3,263 crore between October 01, 2023, to March 31, 2024. The on-balance sheet liquidity and envisaged inflows from loan book, provide headroom for absorbing incremental liquidity requirement (if any) arising on account of aforesaid developments. Further, the planned stake sale of EAAA is expected to support the liquidity position of the Group in the medium term.
