While income from dividends and profit generated on the sale of investments constitute the principal revenue source for the company, it also includes royalty fees earned from Group companies for using the Tata brand. Such fees are, however, largely spent on brand promotion. TCS, one of the largest software companies in India and the highest contributor to TSL in terms of revenues and profits, was spun off into a separate entity in FY2005. Currently, TSL's equity investments are spread across seven major industry segments and include investments in flagship concerns like TCS, Tata Steel Limited, The Tata Power Company Limited, Tata Motors Limited, Tata Chemicals Limited, Titan Company Limited and Tata Consumer Products Limited, among others.
