Rationale

ICRA has withdrawn the ratings assigned to the bank facilities of **Sasken Technologies Limited** at the request of the company, and based on the no dues certificate received from the lenders in accordance with ICRA's policy on withdrawal of credit ratings. However, ICRA does not have information to suggest that the credit risk has changed since the rating was last reviewed.

The Key rating drivers and their description, Liquidity position and Rating sensitivities have not been captured as the rated instruments are being withdrawn. The previous detailed rating rationale is available at the following link: [Click here](#)

Complexity level of the rated instruments

Instrument	Complexity Indicator
Short Term Non-Fund Based	Very Simple
Short Term - Unallocated	Not applicable

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)
