UltraTech Nathdwara Cement Limited: Ratings withdrawn

Summary of rating action

Instrument*	Previous Rated Amount (Rs. crore)	Current Rated Amount (Rs. crore)	Rating Action
Long-term/Short-term – Fund-based – Working capital facilities (CC/WCDL)	25.00	25.00	[ICRA]AAA(Stable)/[ICRA]A1+; Withdrawn
Long-term/Short-term – Non-fund based – Working capital facilities (LC/BG)	125.00	125.00	[ICRA]AAA(Stable)/[ICRA]A1+; Withdrawn
Total	150.00	150.00	

*Instrument details are provided in Annexure I

Rationale

ICRA has withdrawn the ratings assigned to the bank facilities of UltraTech Nathdwara Cement Limited (UNCL) based on the No Objection Certificate (NOC) received from the banker and post its amalgamation into UltraTech Cement Limited (UCL), in accordance with ICRA's withdrawal policy.

The key rating drivers and their description, liquidity position and rating sensitivities have not been captured as the rated instruments are being withdrawn. The previous detailed rating rationale is available at the following link: [Click here](#)

Analytical approach

Analytical Approach	Comments
Applicable rating methodologies	Corporate Credit Rating Methodology Policy on withdrawal of Credit Ratings Rating Methodology–Cement
Parent/Group support	Not Applicable
Consolidation/Standalone	For arriving at the ratings of UNCL, ICRA had earlier taken a consolidated rating view on UltraTech Nathdwara Cement Limited (UNCL) and its parent company, UltraTech Cement Limited (UCL), given the common management and significant operational and financial linkages between the entities. UNCL was a wholly-owned subsidiary of UCL and operated as its captive unit, with UCL being its sole customer. List of entities forming part of UCL's consolidated financials are enlisted in Annexure II.

About the company

The erstwhile Binani Cements Limited (BCL), a flagship subsidiary of the Braj Binani Group, was admitted under the Insolvency and Bankruptcy Code for the corporate resolution process by the National Company Law Tribunal in July 2017. It became UCL's wholly-owned subsidiary with effect from November 20, 2018 and was renamed as UltraTech Nathdwara Cement Limited with effect from December 13, 2018. With this acquisition, UCL added a total capacity of 8.6 MTPA (6.3 MTPA in Rajasthan, 0.3 MTPA in China and 2.0 MTPA in the UAE), 70 MW of thermal power plant capacity and access to BCL's limestone reserves (~450 MT). UNCL has been amalgamated into UCL, effective April 20, 2024, after receiving necessary regulatory approvals.

About the parent company - UCL

UCL, an Aditya Birla Group company, along with its subsidiaries, manufactures Ordinary Portland, Portland Pozzolana and white cement and ready-mix concrete. UCL is the largest cement manufacturer in India with an installed capacity of 146.2 million tonnes (including 5.4-MTPA capacity overseas). As of March 2024, UCL and its subsidiaries together have 24

integrated units, 31 grinding units, one white cement and three wall putty units, five jetties and eight bulk terminals across India and overseas. As on March 31, 2024, Grasim Industries Ltd ([ICRA]AAA(Stable)/[ICRA]A1+, the flagship company of the Aditya Birla Group), held a 57.3% equity stake in UCL.

Key financial indicators (audited)

UCL Consolidated	FY2023	FY2024
Operating income	63,240.0	70,908.1
PAT	5,069.4	6,982.0
OPBDIT/OI	16.8%	18.3%
PAT/OI	8.0%	9.8%
Total outside liabilities/Tangible net worth (times)	0.7	0.7
Total debt/OPBDIT (times)	1.0	0.9
Interest coverage (times)	12.9	13.4

4 Long-term/Short-term – Proposed working facilities	Long term and short term	-	-	-	-	-	[ICRA]AAA (Stable)/[ICRA]A1+

Complexity level of the rated instruments

Instrument	Complexity Indicator
Fund-based – Working capital facilities	Simple
Non-fund based – Working capital facilities	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or

complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)
