Analytical approach

Analytical Approach	Comments
Applicable rating methodologies	Corporate Credit Rating Methodology
Parent/Group support	Not Applicable
Consolidation/Standalone	For arriving at the ratings, ICRA has considered the consolidated financials of TCPL. The list of companies consolidated are shared in Annexure-II. Earlier, ICRA used to review the standalone financials of the company; however, in FY2023, TCPL had extended funding support to associates/promoter companies in the form of corporate guarantees. While the standalone business remains the principal driver for the Group's financial profile, in ICRA's opinion, the company's consolidated financials along with inclusion of the guaranteed debt will reflect the credit risk profile more accurately. As a result, ICRA has revised its rating approach to analysing its consolidated business and financial profile, as it is now more representative of TCPL's credit profile.
