<b>Total</b>	<b>15.00</b>	<b>15.00</b>	

\*Issuer did not cooperate; based on best available information.

<sup>^</sup>Instrument details are provided in Annexure-1

### Rationale

ICRA has kept the long-term rating of Suncity Synthetics Limited in the 'Issuer Not Cooperating' category. The rating is denoted as [ICRA]D; ISSUER NOT COOPERATING"

As part of its process and in accordance with its rating agreement with Suncity Synthetics Limited, ICRA has been trying to seek information from the entity so as to monitor its performance. Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been continued to the "Issuer Not Cooperating" category. The rating is based on the best available information.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities: [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

Parent/Group Support	NA
Consolidation/Standalone	Standalone

## About the company

Suncity Synthetics Ltd. (SSL) was incorporated in February 1988 and has its registered office at Surat, Gujarat and administrative office at Jodhpur, Rajasthan. The promoters were earlier involved in yarn manufacturing business and later switched to the production of nylon chips. Till FY2013, the company was involved in the business of manufacturing nylon granules, which are basically used as the matrix material in composite materials for reinforcing fibres like glass or carbon fibre. The good heat resistance of such materials makes these feasible alternatives to metals. Such materials are also used in technical textile products. The company was one of the pioneers in India, producing nylon double chips using German technology. Since April 2013, the company started manufacturing polyester staple fibre as well. SSL is ISO 9001:2000 and ISO 14001 certified. It has also forayed into the manufacturing of nylon staple fibre (NSF), which finds applications in technical textile products as well as automotive industries. The plant became operational in August 2015 but due to low demand and intense competition, the company used the enhanced capacity to manufacture PSF only 3 from FY2017. SSL has two factories in Jodhpur, Rajasthan. One factory premise is used for manufacturing PSF and the other one is used for nylon granule and fibre manufacturing.

## Key Financial Indicator

## Complexity level of the rated instrument

Instrument	Complexity Indicator
Cash Credit	Simple
Term loan	Simple
Unallocated	Not Applicable
Non-Fund Based	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments, is available on ICRA's website: [Click Here](#)
