Rationale

ICRA has downgraded the rating for the bank facilities of Manipal Academic Services International and the rating continues to remain under 'Issuer Not Cooperating' category. The rating is denoted as '[ICRA] BB+ (Stable); ISSUER NOT COOPERATING'.

The rating downgrade is because of lack of adequate information regarding MASI's performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution, while using this rating as the rating may not adequately reflect the credit risk profile of the entity, despite the downgrade.

As part of its process and in accordance with its rating agreement with Manipal Academic Services International, ICRA has been trying to seek information from the entity so as to monitor its performance, however, requisite information is yet to be received. Accordingly, in the absence of requisite information and in line with the policy of ICRA, the rating action has been taken based on the best available information. As and when the entity shares the requisite information with ICRA, the rating will be reviewed.

Please refer to the following link for the previous detailed rationale that captures the Key rating drivers and their description, Liquidity position, Rating sensitivities: <u>Click here.</u> ICRA is unable to provide the latest information because of non-cooperation by the entity.
