### Rationale

ICRA has considered the consolidated business and financial profile of Aditya Birla Capital Limited (ABCL) and its Group entities (collectively referred to as the ABCL Group and enlisted in Annexure II)<sup>1</sup> as the basis for the ratings.

The ratings factor in the ABCL Group's presence in various segments such as lending, life insurance, health insurance, asset management, asset reconstruction and securities broking among others, leading to a diverse revenue profile. The ratings also consider the management's vast experience in the financial services domain.

The ratings factor in the strong parentage of Grasim Industries Limited (Grasim; rated [ICRA]AAA (Stable)/[ICRA]A1+), which, along with other promoter group entities of the Aditya Birla Group, holds a 68.86% stake in the ABCL Group. Further, the ratings consider the strategic fit and importance of the ABCL Group, which houses all the financial services entities (lending, asset management and insurance among others), to the Aditya Birla Group. The promoter group's commitment is demonstrated through the strong capital and managerial support. ICRA expects that Grasim (along with other promoter group entities) will endeavour to ensure that ABCL and its subsidiaries maintain adequate capital cushions, solvency and liquidity, commensurate with the ratings.

The ABCL Group's adequate capitalisation level is supported by internal capital generation and the track record of capital infusions from the parent. The last capital raise of Rs. 3,000 crore was in June 2023, of which the promoters infused Rs. 1,250 crore. Further, the ratings factor in ABCL's diversified borrowing profile. ICRA notes that ABCL's consolidated gearing is expected to increase, given the high growth of the lending business. Comfort is drawn from the high internal accruals and the demonstrated ability to raise capital. The ABCL Group's profitability (excluding the insurance business) remains healthy, supported by the lending and asset management businesses.

ABCL's consolidated gross stage 3 stood at 2.3% of total advances as on September 30, 2024 (2.4% as on March 31, 2024), supported by write-offs and the high growth in the loan book. The company's ability to maintain the asset quality as the portfolio seasons, given the sharp growth, will remain a monitorable.

The Stable outlook reflects ICRA's expectation that the ABCL Group will remain strategically important to the parent. It also reflects ICRA's expectation that the company will continue to maintain adequate capitalisation.

<sup>1</sup> For rating Aditya Birla Finance Limited and Aditya Birla Housing Finance Limited (ABHFL), a consolidated view with the parent, ABCL, has been considered

## Key rating drivers and their description

### Credit strengths

**Strong parentage; key management personnel with vast experience in financial services domain** – ABCL is a subsidiary of Grasim, which held 52.55% as on December 31, 2024, while the other companies in the Aditya Birla Group had a 16.31% stake. ABCL is the holding company of all the financial services entities of the Group and is a prominent growth driver for the Group. Its strategic significance to the Aditya Birla Group is reflected in the capital support from the parent (last infusion of Rs. 1,250 crore in Q1 FY2024), as and when required. The ABCL Group enjoys strong financial flexibility as it is a part of the Aditya Birla Group. ICRA expects Grasim (along with other promoter group companies) to maintain a stake of more than 51% in the company. ICRA expects that Grasim (along with other promoter group entities) will endeavour to ensure that ABCL and its subsidiaries maintain adequate capital cushions, solvency and liquidity, commensurate with the ratings. ICRA also takes into consideration the vast experience of ABCL's key management personnel in the financial services domain.

**Diversified financial services group** – The ABCL Group is a diversified financial services group with a presence in various segments such as lending, life insurance, health insurance, asset management, asset reconstruction and securities broking among others. ABCL's lending business is through two entities – Aditya Birla Finance Limited (ABFL; with a non-banking financial company (NBFC) licence) and Aditya Birla Housing Finance Limited (ABHFL; with a housing finance company (HFC) licence). The consolidated lending book increased at a high pace to Rs. 1,37,946 crore (27% YoY) as on September 30, 2024, with secured business loans contributing 38%, followed by large & mid corporate (28%), HFC (15%, excluding construction finance), personal & consumer (11%), and unsecured business loans (8%). To comply with the regulatory requirement for upper layer NBFCs, ABFL, which is an upper layer NBFC, will merge into ABCL. Following the merger, ABCL will become an NBFC-investment and credit company (NBFC-ICC), encompassing the lending operations as well as the investments in various subsidiaries/associates/joint ventures. This is, however, credit neutral for the ABCL Group.

Apart from lending, the ABCL Group has a prominent presence in the asset management business through Aditya Birla Sun Life Asset Management Company Ltd. (ABSL AMC), which is the sixth largest asset management company (AMC) in terms of the average assets under management (AUM). The ABCL Group has a presence in life insurance (through Aditya Birla Sun Life Insurance Company Limited) as well as health insurance (through Aditya Birla Health Insurance Company Limited). While the health insurance entity is in the initial years (growing at a fast pace), the life insurance company had a market share of 2.4%, in terms of individual new business premium, in FY2024.

ABHFL's AUM increased sharply by 50.5% YoY to Rs. 23,236 crore as on September 30, 2024 (Rs. 15,439 crore as on September 30, 2023), with affordable home loans, prime home loans, loan against property (LAP) and construction finance forming 30%, 29%, 29% and 12% of the portfolio, respectively.

**Good financial flexibility and diversified funding profile** – As a part of the Aditya Birla Group, ABCL has good financial flexibility in raising funds at competitive rates. Its (lending business) borrowing profile remains diversified with bank term loans, debentures, commercial paper (CP), National Housing Bank (NHB) and external commercial borrowings forming 49%, 27%, 9%, 3% and 3%, respectively, of the total borrowings as on September 30, 2024. The ABCL Group also maintains adequate unutilised bank lines.

ABHFL's borrowing profile comprised bank term loans, non-convertible debentures, NHB financing, CP, and others with a share of 35%, 33%, 17%, 9%, and 5%, respectively, as on September 30, 2024.

**Adequate capitalisation; demonstrated ability to raise equity** – ABCL's capitalisation remains adequate with a consolidated adjusted gearing (borrowings/adjusted net worth) of 4.5 times as on September 30, 2024 (4.3 times as on September 30, 2023). While the lending business has grown substantially, the capitalisation has been supported by the equity raise of Rs. 3,000 crore by ABCL in Q1 FY2024. It has been further supported by the stake sale in Aditya Birla Insurance Brokers Ltd. (ABIBL) and ABSL AMC, leading to additional inflow of Rs. 216 crore and Rs. 588 crore, respectively. Considering the growth plans of the lending business, the consolidated gearing is likely to increase. Given the strong parentage and its demonstrated ability to raise capital, ABCL's capitalisation profile is likely to remain adequate. ICRA expects that Grasim (along with other promoter group entities) will endeavour to ensure that ABCL and its subsidiaries maintain adequate capital cushion.

ABHFL is adequately capitalised with a capital adequacy ratio of 17.3% as on September 30, 2024 (20.4% as on September 30, 2023) against the regulatory minimum of 15%. The growth in the loan book was supported by the equity infusion of Rs. 600 crore from the parent in H1 FY2025. The company's gearing stood at 6.5 times as on September 30, 2024, and is likely to increase with the planned portfolio growth. ICRA expects equity infusions from the parent, ABCL, to support the growth plans.

**Improving profitability** – The Group's profitability is largely supported by its lending and asset management businesses but is partially offset by the losses in the health insurance entity (Aditya Birla Health Insurance Company Limited). Excluding the insurance business (life and health insurance), ABCL's profitability remained healthy with an annualised return on equity of 13.9% in H1 FY2025 (15.3% in FY2024, 10.2% in FY2021). Further, ICRA notes the diversity in revenues with income from the lending operations and the asset management business.

ABHFL's profitability was moderate with profit after tax/average managed assets (PAT)/AMA of 1.4% in H1 FY2025 (1.9% in H1 FY2024). The company's ability to increase the profitability will be contingent on the improvement in the operating efficiency as it scales up its operations as well as on its ability to contain credit costs.

### Credit challenges

**Asset quality remains monitorable** – The Group had seen a significant ramp-up in the relatively riskier unsecured retail loan book, though its share has declined over the last few quarters. Further, growth has been high for long-term loan assets, like retail mortgage loans, which are yet to season. The Group's ability to maintain its asset quality indicators over economic cycles would be a key monitorable, especially in the backdrop of concerns related to overleveraging in the retail borrower segment.

ABCL's consolidated gross and net stage 3 assets for the lending business stood at 2.3% and 1.3%, respectively, as on September 30, 2024, compared to 2.4% and 1.3%, respectively, as on March 31, 2024 (2.6% and 1.4%, respectively, as on September 30, 2023). The reported asset quality was partly supported by the high growth in the AUM. Including write-offs, the gross stage 3 was higher at 3.8% as on March 31, 2024.

The concentration of the top 20 groups remained at 48% of ABCL's consolidated adjusted net worth<sup>2</sup> (11% of the total exposure of ABFL) as on September 30, 2024 (44% and 11%, respectively, as on September 30, 2023). While a large part of the portfolio is secured (more than 75% of ABFL's portfolio and 100% of ABHFL's portfolio), helping reduce losses in the event of default, ICRA notes ABCL's presence in the unsecured retail/business segments, which are exposed to asset quality pressure. ICRA, however, notes the granularisation of the portfolio with the increased share of small and medium enterprise (SME) and retail loans.

ABHFL's gross and net stage 3 assets stood at 1.3% and 0.8%, respectively, as on September 30, 2024 (2.6% and 1.8%, respectively, as on September 30, 2023), supported by the sharp growth in the AUM (50.5% on a YoY basis). Given the long tenor of mortgage loans, the company's ability to maintain the asset quality through cycles is to be seen.

### Liquidity position: Strong

The ABCL Group had cash and liquid investments of Rs. 5,725 crore and unutilised bank lines of Rs. 7,487 crore as on December 31, 2024, against debt repayments of Rs. 21,295 crore due in the next six months. Further, the liquidity will be supported by collections from the loan book.

At the standalone level, ABHFL had debt amounting to Rs. 3,277 crore as on December 31, 2024, maturing by June 2025, against which it had cash and liquid investments worth Rs. 985 crore and undrawn bank lines of Rs. 4,100 crore. Collections from the existing loan book provide further comfort.

### Rating sensitivities

**Positive factors** – Not applicable

<sup>2</sup> Adjusted net worth excludes the insurance business' net worth

**Negative factors** – A material change in the expected level of support or a significant deterioration in the credit risk profile of ABCL's parent (i.e. Grasim) could warrant a rating downgrade. Pressure on the ratings could also arise if there is a deterioration in ABCL's consolidated capitalisation profile (adjusted gearing) on a sustained basis and/or weakening of the ABCL Group's solvency levels (net stage 3 assets/adjusted net worth) to more than 20% on a sustained basis.
