Rationale

ICRA has withdrawn the rating assigned to the bank facilities of Apar Industries Limited at the company's request and based on the No Objection Certificate (NOC) received from the lenders, in accordance with ICRA's policy on withdrawal of ratings. ICRA does not have information to suggest that the credit risk has changed since the time the rating was last reviewed. The key rating drivers, liquidity position and rating sensitivities have not been captured as the rated instruments are being withdrawn. The previous detailed rating rationale is available at the following link: [Click here.](#)

Complexity level of the rated instruments

Instrument	Complexity Indicator
Long term fund-based - Cash credit	Simple
Long term fund-based - Term loan	Simple
Long term/Short term - Non-fund based - BG/LC	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)
