About the company

Lakshmanan Isola Pvt Ltd (Laksola), was established in 1976 in collaboration with Swiss Insulating Works (Isola), to manufacture mica-based insulating materials for electrical insulations. Later on, the shares of Isola were bought back by the promoters, and currently Laksola is a part of the Senapathy Group of Companies, which has over 4 decades of experience in the field of electrical insulation. The process of manufacturing involves generating mica pulp through chemical and mechanical means to produce mica paper. The mica paper is then laminated with various reinforcing substrates like glass fabric or other materials to make the insulation tapes. Laksola's mica tapes are used for insulation needs of high-voltage equipments such as power generators, AC and DC motors, traction motors, wind turbine generators, commutators and Fire Resistant cables. Laksola has one manufacturing facility in Karnataka. They cater to the clients based out of Germany, Austria, Switzerland and India.
