Total	6.50	6.50	

*Issuer did not cooperate; based on best available information

[^]Instrument details are provided in Annexure-I

Rationale

ICRA has kept the Long-Term ratings for the Bank Facility of Akal Information Systems Ltd in the 'Issuer Not Cooperating' category. The ratings are denoted as "[ICRA]B+(Stable); ISSUER NOT COOPERATING".

The rating continues to remain under "Issuer Not Cooperating" is because of lack of adequate information regarding Divine Akal Information Systems Ltd's performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity.

As part of its process and in accordance with its rating agreement with Akal Information Systems Ltd, ICRA has been trying to seek information from the entity so as to monitor its performance Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been continued to the "Issuer Not Cooperating" category. The rating is based on the best available information.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities : [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

Complexity level of the rated instrument

Instrument	Complexity Indicator
Non-Fund Based-Others	Simple
Fund Based-Cash Credit	Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments, is available on ICRA's website: [Click Here](#)
