\*Instrument details are provided in Annexure-I

### Rationale

This rationale is being released to convey the change in the rated limits as depicted in the table above, based on the latest information received from Happy Forgings Limited.

Please refer to the following link for the previous detailed rationale that captures the key rating drivers and their description, the liquidity position and rating sensitivities, and key financial indicators: [Click here](#)

### Analytical approach

Analytical approach	Comments
Applicable rating methodologies	<a href="#">Auto Components</a> <a href="#">Corporate Credit Rating Methodology</a>
Parent/group Support	Not Applicable
Consolidation/standalone	For arriving at the ratings, ICRA has considered the consolidated financials of HFL. As on March 31, 2025, the company had one subsidiary, which was incorporated on March 16, 2024 (which is enlisted in Annexure-II).

### About the company

Incorporated in 1979, HFL manufactures forged and machined transmission, along with engine components that are supplied mainly to the automotive sector. Its product range includes automotive crankshafts, steering knuckles, transmission gears, pinions, shafts, and forged/machined components for the Indian Railways. It has a total forging capacity of 1,20,000 MT (hammer and press forging combined) and a machining capacity of 51,000 MT. The company supplies to leading OEMs in India directly and also through tier-1 component suppliers.

HFL was incorporated in 1979 by Mr. Paritosh Kumar Garg as a private limited company and was converted into a public limited company in 1988. The company has about four decades of experience in catering to the automotive, tractor, railway, earth moving and pipe fitting industries. Its day-to-day operations are overseen by Mr. Ashish Garg (Managing Director, son of Mr. Paritosh K. Garg), who has been instrumental in enhancing HFL's share of business with various OEMs. MOPE Investment Advisors Private Limited, a private equity player, invested Rs. 200.0 crore as equity in HFL in FY2019 (shares held under Vistra ITCL (India) Limited), acquiring a stake of 11.76% in the process. The company subsequently came out with an IPO in December 2023.

**Status of non-cooperation with previous CRA: Not applicable**

### Any other information

None

### Rating history for past three years

## Complexity level of the rated instruments

Instrument	Complexity indicator
Long-term/ Short -term – Fund-based	Simple
Short Term – Fund Based – Bill Discounting	Simple
Long-term/ Short -term – Unallocated Limits	Not applicable

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
