^Issuer did not cooperate; based on best available information.

### Rationale

ICRA has kept the Long-Term ratings of Proseed Foundation in the 'Issuer Not Cooperating' category. The rating is denoted as "[ICRA]B+(Stable); ISSUER NOT COOPERATING"

The rating continues to remain under "Issuer Not Cooperating" is because of lack of adequate information regarding Proseed Foundation's performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at [www.icra.in](http://www.icra.in). The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity.

As part of its process and in accordance with its rating agreement with Proseed Foundation, ICRA has been trying to seek information from the entity so as to monitor its performance further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been continued to the "Issuer Not Cooperating" category. The rating is based on the best available information.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities, Key Financial Indicator: [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

## About the company

Incorporated in 2009, Proseed Foundation is a charitable trust which has been promoted by the Career Point Group, which has presence in informal education (tutorial services) and formal education (K-12 and higher education) segments. Till AY 2014-15, Proseed Foundation ran and operated Career Point Technical Campus in Mohali (Punjab), which offered courses in engineering (B.Tech course in six disciplines) and management (MBA in three disciplines). However, since AY 2015-16, there has been a change in the scope of operations for the trust with the closure of the technical institute and the start of a residential school campus. The concept was borrowed from the group company, Career Point Limited, which already runs a similar kind of residential cum school campus in Kota since FY 2000. The course is divided into two parts: Foundation Years (Grade 6th to 10th) and Target Years (Grade 11th, 12th and 12th pass). The trust is headed by Mr. Om Prakash Maheshwari, who is also the Executive Director and CFO of Career Point Limited (flagship company of the Career Point Group).

## Complexity level of the rated instruments

Instrument	Complexity indicator
Long-term - Fund-based - Term loan	Simple
Unallocated limits	NA

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
