Rationale

ICRA has moved the rating for the bank facilities of Sri Ram Industries (SRI) to the ‘Issuer Not Cooperating’ category. The rating is denoted as “[ICRA]B+(Stable); ISSUER NOT COOPERATING”.

The rating moved to ‘Issuer Not Cooperating’ category because of lack of adequate information regarding Sri Ram Industries’s performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its “Policy in respect of non-cooperation by a rated entity” available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity.

As part of its process and in accordance with its rating agreement with Sri Ram Industries, ICRA has been trying to seek information from the entity so as to monitor its performance. Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity’s management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been moved to the “Issuer Not Cooperating” category. The rating is based on the best available information and non-payment of surveillance fee.

Please refer to the following link for the previous detailed rationale that captures the Key rating drivers and their description, Liquidity position, Rating sensitivities and Key financial indicators: [Click here](#). ICRA is unable to provide the latest information because of non-cooperation by the entity.
