Aavas Financiers Limited: Rating reaffirmed for PTCs issued under two mortgage loan securitisation transactions

Summary of rating action

Trust name	Instrument*	Initial rated amount (Rs. crore)	Amount O/s after last surveillance (Rs. crore)	Current rated amount (Rs. crore)	Rating action
Prime Home Loan Trust I	PTC Series A	79.62	14.86	11.38	[ICRA]AAA(SO); Reaffirmed
Prime Home Loan Trust II	PTC Series A	107.67	24.35	18.81	[ICRA]AAA(SO); Reaffirmed

*Instrument details are provided in Annexure II

Rationale

The pass-through certificates (PTCs) are backed by home loan receivables originated by Aavas Financiers Limited {Aavas/Originator; rated [ICRA]AA (Stable)}.

The ratings reaffirmation factors in the build-up of the credit enhancement cover over the future PTC payouts on account of the high amortisation and healthy pool performance. The ratings also draws comfort from the fact that the breakeven collection efficiency is lower than the actual collection level observed in the pools till the April 2026 payout month.

Pool performance summary

Parameter	Prime Home Loan Trust I	Prime Home Loan Trust II
Payout month	April 2026	April 2026
Months post securitisation	109	102
Pool amortisation (as % of initial pool principal)	84.8%	81.5%
3 months' average monthly collection efficiency ¹	96.5%	108.6%
Cumulative collection efficiency ²	99.1%	98.9%
Loss-cum-90+ dpd ³ (% of initial pool)	1.1%	1.2%
Loss-cum-180+ dpd ⁴ (% of initial pool)	0.9%	1.0%
Cumulative credit collateral utilisation	0.0%	0.0%
Breakeven collection efficiency ⁵ for PTC Series A	37.7%	50.7%
Cash collateral (CC; % of balance pool)	59.0%	43.3%
Excess interest spread (EIS; % of balance pool) for PTC Series A ⁶	64.9%	51.6%

Transaction structure

As per the transaction structure, the monthly cash flow schedule comprises the promised interest payout and principal payout (100% of the pool principal billed). Any surplus excess interest spread (EIS), after meeting the promised and expected payouts, will flow back to the Originator on a monthly basis. Any prepayment in the pools would be used for the prepayment of PTC Series A principal.

¹ Average of (Total current and overdue collections for the month as a % of Total billing for the month) for 3 months

² (Cumulative current and overdue collections till date) / (Cumulative billing till date + Opening overdues at the start of the transaction)

³ Inclusive of unbilled and overdue principal portion of contracts delinquent for more than 90 days, as a % of Initial pool principal

⁴ Inclusive of unbilled and overdue principal portion of contracts delinquent for more than 180 days, as a % of Initial pool principal

⁵ (Balance cash flows payable to investor – CC available) / Balance pool cash flows

⁶ (Pool cash flows – Cash flows to PTC A) / Pool principal outstanding

Reset of credit enhancement

At the Originator's request for resetting the credit enhancement, ICRA has analysed the pools, basis the credit collateral (CC) mentioned in the table provided below. Based on the pools' performance, the rating for the PTCs will remain unchanged even after the CC amount is reset. The CC reset shall be subject to the approval of the PTC investors. However, as per regulatory guidelines, the amount of CC that can be released would be restricted to 60% of the difference between the current CC amount and the revised CC amount allowed by ICRA.

Transaction name	Current CC outstanding [A]	CC required as per ICRA for maintaining present rating [B]	CC that can be released [C]= 60%*(A - B)	Revised CC limit [D] = (A - C)
Prime Home Loan Trust I	7.17	1.43	3.44	3.73
Prime Home Loan Trust II	8.61	1.72	4.13	4.48

Amount in Rs. crore

Key rating drivers and their description

Credit strengths

Adequate servicing capability of Aavas – The Originator, which would also be servicing the loans in the transaction, has an established track record in the lending business of more than 10 years and has adequate underwriting policies and collection procedures. The company has adequate processes for servicing of the loan accounts in the securitised pool.

Healthy pool performance – Performance of the pools has been healthy with cumulative collection efficiency of ~99% till April 2026 payout month which has resulted in low delinquencies in the pools with the 90+ days past due (dpd) for Prime Home Loan Trust I and Prime Home Loan Trust II at 1.21% and 1.19%, respectively. While the 180+ dpd also remains moderate at 0.92% for Prime Home Loan Trust I and 1.04% for Prime Home Loan Trust II. Further, there have been no instances of cash collateral utilisation till date owing to strong collection performance and presence of EIS in the transactions.

Build-up in credit enhancement – The ratings factor in the build-up in the credit enhancement with cash collateral increasing to over 59% and 43% of the balance pool compared to 9.00% and 8.00% at the time of securitisation in case of Prime Home Loan Trust I and Prime Home Loan Trust II respectively. Internal credit support is also available through scheduled EIS of ~65% in case of Prime Home Loan Trust I and ~52% in case of Prime Home Loan Trust II.

Credit challenges

Exposed to basis risk and interest rate risk– The transaction Prime Home Loan Trust I is exposed to interest rate risk as the pool has contracts with floating rate and fixed rate loans, while the yield on securities is fixed. While the transaction Prime Home Loan Trust II is exposed to interest rate risk and basis risk as the pool has contracts with floating rate and fixed rate loans, while the yield on securities is floating.

Risk associated with lending business – The pool's performance would remain exposed to macro-economic shocks, business disruptions and natural calamities that may impact the income-generating capability of the borrowers and their ability to make timely repayments of their loans.

Key rating assumptions

ICRA's cash flow modelling for rating securitisation transactions involves the simulation of potential losses, delinquencies and prepayments in the pool. The losses and prepayments are assumed to follow a log-normal distribution. The assumptions for the losses and the coefficient of variation are considered on the basis of the values observed from the analysis of the past

performance of the Originator’s loan portfolio as well as the characteristics of the specific pool being evaluated. The resulting collections from the pool, after incorporating the impact of the losses and prepayments, are accounted for in ICRA’s cash flow model, in accordance with the cash flow waterfall of the transaction.

For the current pools, ICRA has estimated the shortfall in the pool principal collection during their tenure at 1.00% for both the pools. The average prepayment rate for both underlying pools is modelled in the range of 6.0% to 18.0% per annum. Various possible scenarios have been simulated at stressed loss levels and prepayment rates and the incidences of default to the investor as well as the extent of losses are measured after factoring in the credit enhancement to arrive at the final rating for the instruments.

Details of key counterparties

The key counterparties in the rated transactions are as follows:

	Prime Home Loan Trust I	Prime Home Loan Trust II
Originator	Aavas Financiers Limited	Aavas Financiers Limited
Servicer	Aavas Financiers Limited	Aavas Financiers Limited
Trustee	IDBI Trusteeship Services Limited	IDBI Trusteeship Services Limited
CC holding Bank	IDFC First Bank	IDFC First Bank
Collection and payout account Bank	IDFC First Bank	IDFC First Bank

Liquidity position: Superior

The liquidity for both instruments is superior after factoring in the credit enhancement available to meet the promised payout to the investor. The total credit enhancement is more than 10 times the estimated losses in the respective pools.

Rating sensitivities

Positive factors – NA

Negative factors – The sustained weak collection performance of the underlying pool of contracts (monthly collection efficiency <90%), leading to higher-than-expected delinquency levels and higher credit enhancement utilisation levels, would result in a rating downgrade. Weakening in the credit profile of the servicer (Aavas) could also exert pressure on the rating.

Analytical approach

The rating action is based on the performance of the pools till March 2026 (collection month), the present delinquency levels and the credit enhancement available in the pools, and the performance expected over the balance tenure of these pools.

About the originator

Aavas Financiers Limited (Aavas) is a Jaipur (Rajasthan) headquartered housing finance company, which primarily provides housing loans in rural and semi-urban areas. It is present in 15 states/UTs, with a network of 404 branches and assets under management of Rs. 23.45crore as on March 2026.

Aavas was incorporated as a subsidiary of Au Financiers (India) Limited {now Au Small Finance Bank Limited (AuSFB)} in February 2011, and it formally began its operations in March 2012. In June 2016, AuSFB sold its stake in Aavas to private equity (PE) investors –Kedaara Capital and Partners Group –to meet the Reserve Bank of India’s (RBI) criteria for conversion to a small finance bank. Aavas launched an initial public offering (IPO) in FY2019 and its equity shares got listed on the stock exchanges on October 8, 2018. The total issue size was Rs. 1,734 crore, of which ~Rs. 360 crore was raised for business operations while the rest was utilised to pay off the existing shareholders. The company’s shareholding, as on March 31, 2025, was: CVC Capital (22.5%), Kedaara Capital (16.0%), Partners Group (10.9%), foreign institutional investors (FIIs; 30.4%), domestic institutional investors (DIIs; 9.6%), the management team (1.7%) and others (8.9%).

Annexure I: Disclosure pursuant to the SEBI Circular SEBI/HO/DDHS/DDHS-PoD-2/I/4685/2026 dated February 10,2026

ICRA rated Instruments fall under regulatory purview of various Financial Sector Regulators (FSR) as under:

Sr. No.	Instrument	FSR
1	Listed/Proposed to be listed Bonds/Debentures/Preference Shares (all securities)	SEBI
2	Unlisted/Proposed to be unlisted Bonds/Debentures/ Preference share (all securities)	MCA
3	Listed PTCs / Securitisation Notes (originated by entities regulated by RBI) (*)	SEBI
4	Listed PTCs / Securitisation Notes (originated by entities not regulated by RBI) (*)	SEBI
5	Unlisted PTCs / Securitisation Notes (originated by entities regulated by RBI) (*)	RBI
6	Listed Commercial Paper and NCDs with original maturity less than 1 year	RBI
7	Unlisted Commercial Paper and NCDs with original maturity less than 1 year	RBI
8	Loan Facilities (Fund/Non-Fund Based) from Bank / NBFCs/ NHB/ FIs (\$))	RBI
9	External Commercial Borrowings/Loans from overseas branches of Indian Banks/other similar borrowings	RBI
10	Certificates of Deposit	RBI
11	Fixed Deposits raised by NBFCs, Banks, HFCs, FIs	RBI
12	Fixed Deposits raised by corporates other than NBFCs, Banks, HFCs, FIs	MCA
13	Inter Corporate Deposits/Loans extended by Corporates	MCA
14	Listed Security Receipts	SEBI
15	Unlisted Security Receipts	RBI
16	Unlisted PTCs / Securitisation Notes (originated by entities not regulated by RBI) (*)	Investor-side Regulator such as IRDAI, PFRDA (%)

(*) Includes securitisation transactions involving assignee payout, acquirer's payout.

(\$) Includes bank facilities such as liquidity facility, Series A2 PTC that are part of securitisation transactions.

(%) These ratings were assigned prior to the introduction of SEBI CRA Circular dated Feb 10, 2026 and accordingly, investor side FSRs have been mentioned.

Other Activities offered by ICRA fall under regulatory purview of various Financial Sector Regulators (FSR) as under :

Sr. No.	Activity Name	FSR
1	Credit Ratings for Capital Protection Oriented Schemes (by Mutual Funds and AIFs)	SEBI
2	Credit quality ratings (CQRs) for Mutual Fund Schemes and Schemes of AIFs	SEBI
3	Independent Credit Evaluation (ICE)	RBI
4	Expected Loss Ratings (For Loan Facilities [Fund/Non-Fund based] from Banks/NBFCs/NHB/FIs)	RBI
5	Expected Loss Ratings (Listed / Proposed to be listed Bonds / Debentures / Preference Shares (all securities))	SEBI
6	Expected Loss Ratings (Unlisted / Proposed to be unlisted Bonds/ Debentures / Preference Shares (all securities))	MCA
7	Credit Rating of Borrowing programme	(@)
8	Issuer Ratings	(#)
9	Monitoring Agency	SEBI
10	Research activities, incidental to rating such as research for Economy & Industries (permitted by SEBI vide SEBI Master Circular for CRAs)	NA

(@) The rated instrument may involve issuance of different instruments such as debt securities (listed or otherwise), bank loans, commercial paper (listed or otherwise), etc. The regulator of the instrument can only be determined upon issuance. Accordingly, ICRA shall capture the rated quantum details along with names of respective FSR in the press release(s) after the issuance(s) of the instruments.

(#) Since no instrument is being rated, FSR is not applicable. The rating scale and definitions stipulated in SEBI Master Circular for CRAs are being followed.

Disclosure : SEBI's grievance redressal/dispute resolution and SEBI investor protection mechanisms such as SCORES and ODR shall not be available for activities and instruments which fall under the regulatory purview of Financial Sector Regulators other than SEBI.

Complexity level of the rated instrument

Trust name	Instrument	Complexity indicator
Prime Home Loan Trust I	PTC Series A	Highly Complex
Prime Home Loan Trust II	PTC Series A	Highly Complex

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
