\*Issuer did not cooperate; based on best available information.

<sup>^</sup>Instrument details are provided in Annexure-I

<sup>#</sup>SEBI's grievance redressal/dispute resolution and SEBI investor protection mechanisms such as SCORES and ODR shall not be available for activities and instruments which fall under the regulatory purview of Financial Sector Regulators other than SEBI.

### Rationale

ICRA has kept the Long-Term and Short-Term rating of Rorito International Private Limited in the 'Issuer Not Cooperating' category. The ratings are denoted as "[ICRA]B+(Stable); ISSUER NOT COOPERATING/[ICRA]A4; ISSUER NOT COOPERATING".

The rating continues to remain under "Issuer Not Cooperating" is because of lack of adequate information regarding Rorito International Private Limited's performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at [www.icra.in](http://www.icra.in). The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity.

As part of its process and in accordance with its rating agreement with Rorito International Private Limited s, ICRA has been trying to seek information from the entity so as to monitor its performance further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been continued to the "Issuer Not Cooperating" category. The rating is based on the best available

information.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities, Key Financials Indicators: [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

## Analytical approach

## About the company

Incorporated in 1986, G. M. Pens International Private Limited (GMPIPL / “the company”) had the exclusive license to manufacture and market ‘Reynolds’ brand writing instruments in India. The company terminated the contract with Reynolds SAS, France in Sep 2015 and stopped production from Feb 2016 and currently manufactures/markets pens under the ‘Rorito’ brand. Sales of Reynolds happened till Q4FY2016 along with the new brand ‘Rorito’. While the stationery business mentioned above is GMPIPL’s major revenue driver, contributing to over 93.6% of revenues during FY2019, the company also distributes / trades ‘Clipper’ brand cigarette lighters, ‘Flamagas’ kitchen lighters and gas cans and labeling instruments under the brand name ‘Dymo’. The company was also trading ‘Papermate’ pens from June 2011 – this was discontinued from April 2015, because of the low sales quantum of these pens. that the company name has now been changed to Rorito International Private Limited.

## Status of non-cooperation with previous CRA: NA

## Any other information: None

## Complexity level of the rated instruments

| Instrument                       | Complexity indicator |
|----------------------------------|----------------------|
| Long Term-Fund Based Cash Credit | Simple               |
| Long Term-Fund Based-Term Loan   | Simple               |
| Short Term-Non Fund Based-Others | Simple               |
| Short Term-Unallocated limits    | NA                   |
| Long Term-Unallocated limits     | NA                   |

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
