Rating Action

ICRA has reaffirmed the ratings for PTCs, Second Loss Facility and Liquidity Facility under 5 loan securitisation transactions originated by AU Small Finance Bank Limited, as tabulated above. The PTCs in all the five transactions are backed by receivables from vehicle/ construction equipment/ MSME loan contracts. The receivables have been assigned to the respective trusts at par and each trust has issued PTCs backed by the same.

Rationale

The reaffirmation of the ratings is on account of amortisation of the PTCs under all the transactions. The amortisation has led to moderate build up of the credit enhancement in all the transactions.

A summary of the performance of the pools till July 2017 collection month has been tabulated below

Table 1: Pool Performance Summary (till July 2017 collection)

³ POS on contracts aged 90+ dpd / Balance Pool Principal

⁴ (Pool Cashflows – PTC Cashflows) / Balance Pool Principal

Key rating drivers

Credit Strengths

- The performance of the pools has been good with cumulative collection efficiencies in the range of 94-98% for all the pools. The monthly collection efficiency has been above 95% for the last 3 months.
- Due to the presence of Liquidity Facility in these pools, FLCF and SLCF has not been utilized to meet the promised principal and interest payouts to the PTCs in any of these pools.
- Moderate cover built up for the balance PTC payouts from the internal and external forms of credit enhancement in all transactions

Credit Weakness

- Moderate delinquency level in the pools especially in softer buckets

Description of key rating drivers highlighted above:

The performance of the pools has been good with cumulative collection efficiency in the region of 94%-98% for all the pools till July 2017 collection month. All the pools have exhibited moderate delinquencies especially in the softer delinquency buckets. Shortfall in the collections has been absorbed by the credit enhancement available in the structure. Credit enhancement (as % of balance PTC payouts) has built up moderately in all the transactions from the initial levels owing to pool amortisation.

Overall, the credit enhancement available for meeting balance payouts to the investors is sufficient to reaffirm the ratings in all the transactions. ICRA will continue to monitor the performance of these transactions. Any further rating action will be based on the performance of the pools and the availability of credit enhancement relative to ICRA's expectations.

Key rating assumptions

ICRA's cash flow modeling for surveillance of ABS transactions involves simulation of potential delinquencies, losses (shortfall in principal collection during the balance tenor of the pool) and prepayments in the pool. The assumptions for loss and the Co-efficient of Variation (CoV) are arrived at after taking into account the past performance of the Originator's portfolio and rated pools, and also the performance and characteristics of the specific pool being evaluated. Additionally, the assumptions may be adjusted to factor the current operating environment and any industry specific factors that ICRA believes could impact the performance of the underlying pool contracts.

After making the aforementioned adjustments, the expected loss and prepayments during the balance tenure of the pools are as given in the table below.

Sr. No	Transaction Name	Expected Loss at the time of initial rating (% of initial pool principal)	Expected Loss for current exercise (% of initial pool principal)	Expected Prepayment
1	Indian Standard Loan Trust XXVIII	3.0% - 4.0%	2.5% - 4.0%	6% - 9% p.a.
2	Indian Standard Loan Trust XXIX	3.0% - 4.0%	2.5% - 3.5%	20% - 24% p.a.
3	Indian Standard Loan Trust XXX	3.0% - 4.0%	2.0% - 3.0%	8% - 12% p.a.
4	Indian Standard Loan Trust XXXIII	3.0% - 4.0%	2.0% - 3.0%	8% - 12% p.a.
5	Indian Standard Loan Trust XXXV	3.0% - 4.0%	2.0% - 3.0%	8% - 12% p.a.

Analytical approach:

The rating actions are based on the performance of the pools till July 2017 (collection month), the present delinquency profile of the pool contracts, performance expected over the balance pool tenure, and the credit enhancement available in these transactions.

About the Company:

AU Small Finance Bank Limited (erstwhile AU Financiers (India) Limited) was incorporated in 1996 as a non-banking finance company by Mr. Sanjay Agarwal. During the early period, the company was primarily engaged in vehicle financing through funds raised from high net worth individuals in Jaipur. Over the years, the company raised equity from private equity investors at regular intervals, and expanded its product portfolio to include SME/ construction finance, and loans to NBFCs/HFCs.

In September 2015, the Reserve Bank of India granted in-principle approval to AU for setting up a small finance bank. On December 20, 2016, the company got final license to set up the SFB. Subsequently, AU transitioned from NBFC to small finance bank and commenced its banking operations from April 19, 2017. As on June 30, 2017 AU SFB operates from its 284 branches and 119 asset centers spread across 12 states/UTs.

ICRA has assigned a rating of [ICRA]A+ (pronounced ICRA A plus); with stable outlook for the NCD's and a rating of [ICRA]A1+ for the bank lines of AU SFB on March 08, 2017.

For Q1FY2018 AU SFB reported a profit after tax of Rs 62 crore on a gross AUM of Rs. 10,759 crore. AU SFB reported Tier I capital of 18.9%, CRAR of 19.9% and gross NPAs of 3.0% as on June 30, 2017.
