[^]Issuer did not cooperate; based on best available information.

[#]SEBI's grievance redressal/dispute resolution and SEBI investor protection mechanisms such as SCORES and ODR shall not be available for activities and instruments which fall under the regulatory purview of Financial Sector Regulators other than SEBI.

Rationale

ICRA has kept the Long-Term rating of SHILPI CABLE TECHNOLOGIES LIMITED in the 'Issuer Not Cooperating' category. The rating is denoted as "[ICRA]D; ISSUER NOT COOPERATING".

The rating continues to remain under "Issuer Not Cooperating" is because of lack of adequate information regarding SHILPI CABLE TECHNOLOGIES LIMITED's performance and hence the uncertainty around its credit risk. ICRA assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its "Policy in respect of non-cooperation by a rated entity" available at www.icra.in. The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity.

As part of its process and in accordance with its rating agreement with SHILPI CABLE TECHNOLOGIES LIMITED, ICRA has been trying to seek information from the entity so as to monitor its performance. Further, ICRA has been sending repeated reminders to the entity for payment of surveillance fee that became due. Despite multiple requests by ICRA, the entity's management has remained non-cooperative. In the absence of requisite information and in line with the aforesaid policy of ICRA, the rating has been continued to the "Issuer Not Cooperating" category. The rating is based on the best available information.

Please refer to the following link for the previous detailed rationale that captures Key rating drivers and their description, Liquidity position, Rating sensitivities, Key Financials Indicators: [Click here](#) ICRA is unable to provide the latest information because of non-cooperation by the entity.

About the company

SCTL was established in July 2006 as Rosenberger Shilpi Cable Technologies Limited, a 50:50 joint venture (JV) between Shilpi Communications Private Limited and Rosenberger Hochfrequenztechnik GmbH & Co. KG, Germany. The JV was formed to manufacture and sell radio frequency (RF) feeder cables in the domestic market. The JV set up a manufacturing facility at Chopanki, Rajasthan. The facility commenced commercial production in early 2008, and during the same year the stake of the German partner was bought by the Indian promoters. Though initially SCTL was only into RF feeder cables manufacturing, it has, over the years, added products such as wiring harnesses and battery cables for automobiles, wiring harness sets and power cords for white goods, and copper conductors (magnet copper wires and bunched copper wires) to expand and diversify its offerings. SCTL thus caters to automotive, telecom, and consumer durables segments, among others. In addition, it sells house wires, circuit breakers (MCCB and RCCB), and switches through distributors under the 'SAFE' brand name. SCTL, headquartered in Delhi, has five manufacturing units in Bhiwadi, Chopanki, Bahadurgarh (owned by an associate – AGH Wires), Hosur, and Pune (Bhiwadi and Chopanki plants are owned by the company, while the remaining have been taken on lease), and has 13 sales offices across India. SCTL also has subsidiaries and joint ventures in Singapore and UAE, which trade in copper cables and other products. The company is listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) since 2011.

Status of non-cooperation with previous CRA: Not applicable

Rating history for past three years

Instrument	Current rating(FY2027)			Chronology of rating history for the past 3 years					
	Type	Amount rated (Rs crore)	August 21, 2026	FY2026		FY2025		FY2024	
				Date	Rating	Date	Rating	Date	Rating
Non-convertible Debenture	Long term	27.00	[ICRA]D; ISSUER NOT COOPERATING	September 19, 2025	[ICRA]D; ISSUER NOT COOPERATING	October 07, 2024	[ICRA]D; ISSUER NOT COOPERATING	October 19, 2023	[ICRA]D; ISSUER NOT COOPERATING

Complexity level of the rated instruments

Instrument	Complexity indicator
Non-convertible Debenture	Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional, or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
